Advanced light for outdoors

- Philips offers 5 year warranty on the LED module and driver
- High power LED

Special characteristics

- Long operating life up to 25 years
- Motion sensor, for convenience and reassurance
- Weather proof

PHILIPS

Besonderheiten

High power LED

Philips outdoor lighting uses the latest state-of-the-art LED technology. It offers strong light output and high light quality and long lifetime.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

High quality material

This Philips lamp is made specifically for outdoor spaces. It's hard-wearing and built to last, so it will light up your garden night after night. It's constructed from high quality die-cast aluminum and superior synthetics.

Weather proof

This Philips outdoor lamp is especially designed for humid outdoor environments and has undergone rigorous tests to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This lamp is designed with IP44: it is protected against splashing water, this product is most common and ideal for general outdoor use.

Motion sensor

A motion sensor is included to welcome you when you return home or let you know when someone's on their way.

5 year warranty on LED system

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.

Long operating life

A light source you can trust. The LED bulb, delivered with this Philips LED lamp, will last up to 25.000 hours (which equals 25 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or light bulb replacement while having the perfect light ambiance in your home.

Daten

Design and finishing

- Material: aluminium
- Color: antracit

Extra feature/accessory incl.

- Motion sensor: YES

Product dimensions & weight

- Height: 22.7 cm
- Length: 19 cm
- Width: 6.0 cm
- Net weight: 0.660 kg

Technical specifications

- Mains power: Range 220 V - 240 V, 50 Hz
- Bulb technology: LED, 176 V
- Number of bulbs: 1
- Wattage bulb included: 12 W
- Light color: warm white

- Total lumen output fixture: 1200 lm
- Fixture dimmable: No
- LED: Yes
- Lifetime up to: 25,000 hrs
- IP code: IP44, protection against objects bigger than 1 mm, protection from splashed water
- Class of protection: II - double insulated
- Light source equivalent to traditional bulb of: 83 W

Packaging dimensions & weight

- Height: 24.4 cm
- Length: 19.6 cm
- Width: 7.1 cm
- Weight: 0.765 kg

Miscellaneous

- Especially designed for: Garden & Patio
- Style: Contemporary
- Type: Wall light
